We are customers of Tega Cay Water Service which is the company asking for a huge rate increase.

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

Our water and sewer bill is already outrageously expensive. It has continually gone up almost month by month for no apparent reason.

Last week on August 22, we got a recorded phone call from TCWS saying they were working on the lines in our area and that our water pressure could possibly be low for a day or so and that we should boil our water until further notice. Within 10 minutes, we had NO WATER. This was how much notice we received!

We also received a letter a few months ago stating that we had an above-average lead content in our water.

TCWS does not provide quality service --- nor a quality product --- and we are tired of paying their exorbitant prices.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *

I cannot speak in public.
